

# Vienna 2008

Henk Beerepoot

In June 2008 my small family of four returned from our trip through Europe where we have visited a number of beekeepers, museums and businesses related to the honey and tourism industry. As a family we had been looking forward to this trip for some time. One of the highlights was our stay of 6 days in Vienna where we would, like so many others tourists, go to a concert, visit the culture of the past, eat a piece of 'Sacher torte', and so on. Yes, we did all that and enjoyed it.

While the purpose of our trip was for the expansion of our tourism business in Tasmania, to make new contacts, look for new products and to get fresh ideas, I was in no doubt that our trip would serve a higher purpose, a spiritual objective. I surely did not know which purpose it would be but I expected it to be revealed at some stage during our trip, this did happen. Now after some 8 weeks on the day of the Feast of Trumpets, I am called upon to write it down.

Historically Vienna was the centre of European culture and the capital of the Holy Roman Empire. The city of Vienna lies in the eastern part of Austria at the easternmost extension of the Alps. The earliest settlement was south of the river Danube, now it spans both sides of the river.

As to the meaning of the word Danube, the present understanding of this word is: "*to flow, run*". We have learned in my paper: '*The Judge Dan*' that the word 'Dan' means: '*the pathway to Life*'. So, this present understanding points indeed to the right direction because a river flows to Life, to the Sea, where evaporation or resurrection into Life takes place.

When Dan as a true Judge marked '*the pathway to Life*' through Europe for his brother tribes yet to come, the river Danube was wonderfully named as one of the longest rivers in Europe and a leading track to their New Home. It was to be their Danube, their '*pathway or, flow to Life*'.

As to the name Vienna. The city of Vienna has not always been known by this name. The earliest known settlement on the banks of the Danube was called '*Vindobona*' and it is from this name that the name Vienna is derived. This word '*Vindobona*' will show us to be a remarkable name because *Vindo* means: *White* and *bona* means *good*. So the name Vienna means: *Whitegood*.

The Color White has wonderful symbolism. While there are seven colors as, red, orange, yellow, green, blue, indigo and violet, White is the eighth and contains all these colors in equal proportions which then become invisible resulting in the color White. Therefore the color White enables a New beginning. As the number Eight is the number of New beginnings, so is the color White the start of 'potential', of 'possibilities', it is the Silence

at the beginning. The word *good* points to Our Father, because there is none good, but One, He is therefore Holy. So we may conclude herewith that the word *Vienna* means a '**Holy Beginning**' and, as it lies on the *Danube*, Vienna pictures a **Holy Beginning on the pathway to Life**. Is not that a wonderful name for the Start of a new life and the centre of settlement of the people of Israel in their New Land? But wait, it will become more beautiful still but, before it becomes more beautiful, we need to go down.

As Israel in dispersion was blessed with bountiful resources in their New Land it was through the blindness of Dan that he was leading his brothers again, as he did before, into idol worship. How did he do that?

Many of the sons of Dan became the leading rulers in Israel and later these rulers became monarchs<sup>1</sup>. They were leaving their marks, as is evidenced by the Eagle(s) in their coat of arms. These Houses gave power first to Rome, this started the Holy Roman Empire, and later to the creators of fiat money. These Israel rulers gave power to an illusion, an illusion 'created' through blindness and furnished to them by Rome and the moneymakers. The rest of Israel followed and...they worshiped these illusions, these idols.

There is no power in Rome or in Constantinople nor is there power in a pope or patriarch. For the same reason is there no power in banks, nor in the Jew. They produced the idols the people of Israel desired. The power that the rulers of Israel, and consequently their people, gave to them will destroy Israel as a flesh people. How can that be? By coming to an understanding who they are, coming to know that they are Spirit. In other words, they will be destroyed by completion. Consequently this 'knowledge' will... dis-solve their idols and by that, releasing those who were made instrumental supplying these idols to them! In short: The illusion itself will be destroyed by Revelation, by the giving of Sight, by the unveiling of the Heart.

As in the times past Dan was leading his brothers into all their idolatries in order that they would fall. This is the crucial step to Life. Israel needs to die in order to be raised up.

The destruction for the ruling Houses came almost simultaneously over Israel. In a nutshell, it was the destruction of the sovereign rulers in the United States of America by their signing of the Federal Reserve Act in 1913, the murder of Tsar Nicholas II and his family in 1918 and in the same year the last monarch in Austria, Charles I ended the long reign of the Habsburg dynasty in Europe. Once again there is no blame to the Jew nor to other gods because they have no power, they were made instrumental in the demise of Israel through their illusion, through their blindness.

---

<sup>1</sup> We want to understand that the ruling House of Dan has ruled Israel in the diaspora in all their countries as the Northern Kingdom which was predominantly the Holy Roman Empire but, Dan also ruled by intermarriage into the Royal House of David, as the Southern Kingdom. The descendants of David still 'rule', be it seriously corrupted and without real power, in the, so called, Southern Kingdom with England as its main territory. Above all we want to understand that, indeed at a time in the future, our elder brother Yahshua Messiah, as He is since long the King of Kings, will then take their/His pose-ition.

Dan led his fellow Israelites through their downfall into Life, as he did before. We can learn this from the Scriptures and in my paper 'The Judge Dan'. In the recent history just mentioned Dan was, according to his commission, represented as and within the ruling Houses in Israel and now for the second time, he left his people to prepare the way for them who were to follow years later. So these later Judges died to their flesh. They died to make place to their younger brothers Danites so that they become the New Judges, leading Israel through their Spiritual diaspora into Life. As a true Judge Dan will lead them on their '*pathway to life*' through the valley of death.

Israel will be led for the third time out of their captivity. The first time they were delivered from the power of the Egyptians the second time freed out of Babylon and the third time they will be released from the illusion of Self.

And now, back to Vienna, I found myself on the 1<sup>st</sup> of July 2008 walking down the steps of the Imperial Palace. A splendid place from where for so many centuries the Habsburgs ruled a great part of Fathers people, the people of Israel. There in the centre of this city amidst the incredible display of art, architecture, and culture I saw that all that splendor had come to nothing, the so called 'power' this all represented had long since died.

There on these steps, I started to understand the reason of my visit to Vienna. There walking down these steps, leaving behind me the home and centre of this illusion of power I said to my wife Lida with tears in my eyes: "It is all over, the attempts of men has finished, to dust it has come. Nothing is left but a display of the faded glory of man"

Almost immediately after this saddening emotion a most assured feeling of happiness sprang up from within when it dawned on me that I was in the city of "*Holy Beginning on the Pathway to Life*" and returning to our Hotel I suddenly realized that our Hotel was situated on the... "Tabor" Strasse...! I did not pay attention to the word 'Tabor' before but now I heard Him. I knew that My Father assured me of His promises in this name of His Word because the word 'Tabor' תבֹור (Tabowr) means in the Paleo Hebrew pictorial language:

*The Covenant(ת) of the house(ב) is secured(ו) with man(ר)<sup>2</sup>*

---

<sup>2</sup> Some assert that Mount Tabor is the Mount of the transfiguration though one should consider what is written about Mt. Hermon in the study of "The Judge Dan". Also The Paleo Hebrew Word Picture of the name 'Hermon' shows the "Life" and not the "Covenant" theme as the word 'Tabor' indicates. The word Hermon is Strong's 2768 חֶרְמוֹן *Chermown* and it shows: The **presence** of the **Father** (א) in a **person** (ר) is **water** (מ) **connected** with (ו) **life** (י).

How wonderful is it to read:

**Psalm 89:12** "The north and the south (Israel and Judah) thou hast created them: Tabor and Hermon shall rejoice in thy name."

This verse is particularly beautiful because it confirms that ALL Israel, North and South will receive (*rejoice*) the promises (*tabor*) of LIFE within himself (*Hermon*).

This was for us a wonderful dis-discovery! Do take interest and note the following verse:

**Deuteronomy 33:19** *“They (Issachar and Zebulun) shall call the people unto the mountain (Mount Tabor); there they shall offer sacrifices of righteousness.”*

By implication this verse reads: Issachar and Zebulun **will call** ( ך ) the people( ך ) to the promise( ך ) made to the fathers( ך ).

In this busy City Centre street, the ‘Tabor’ Strasse, we resided during our stay and... the street number of this Hotel was the number...**8**

The Number **Eight** indicates a new beginning.

And, if this was not all ... the postcode of our Hotel was ....**1020**

This number is, according to biblical gematria (biblical interpretation of numbers), is regarded as  $1+0+2+0=3$ , Three, and

The Number **Three** indicates completeness, fullness, and divine perfection; it is therefore the number of resurrection.

as well as

The Number **Ten** signifies Divine Order and **Twenty** symbolizes Expectancy

The number **1020** therefore speaks of an **expectancy of the divine order**.

\*

Our Hotel could not have been in any one of all the hundreds of other streets or squares in this city all with different names, Our Hotel could not have been on any other of thousands number and number combinations. Our Hotel could not have been in any other of the 23 district post codes.

**I knew that Our Father established there and then a new beginning, a new beginning leading Israel into their promised land.**

**Zephaniah 3:20** *“At that time will I bring you again, even in the time that I gather you: for I will make you a name and a praise among all people of the earth, when I turn back your captivity before your eyes, saith YaHWaH.”*

This is the time of Israel’s third Diaspora. They will return to their land, they will return to their body and possess it, owning ALL.

They will

**BECOME.**
